

September 1, 2026

Dear KCB neighbors,

Bill and I are supporting Lynn Benton for city commission. We have noticed changes in the operation of the city commission for the past 20 months. Gone are Town Hall meetings for citizens to air their concerns and discuss plans for the future.

DID YOU KNOW?

Public Comment A citizen cannot speak at a commissioners' meeting regarding a concern if that concern is not an agenda item.	License Plate Recording All license plates are recorded each time a vehicle enters or leaves Key Colony Beach.
KCB Police & ICE The KCB Police Department has a three-year contract to work with ICE.	Sunset Park Pier A city ordinance was changed to allow fishing from the pier at Sunset Park.
City Grants & Funding Many of the grants received by the city cover approximately 70% of the project's cost, leaving the city responsible for the remaining 30%.	Grant Applications The mayor and city manager submit the applications with very little, if any, input from the commissioners or KCB citizens.

OPEN DIALOGUE · TRANSPARENCY · COMMUNITY INVOLVEMENT

Lynn Benton believes thoughtful citizen input and open dialogue are important in shaping the future of Key Colony Beach. She would be honored to earn your support and, ultimately, your vote on November 3, 2026.

If you cannot vote in person on November 3, please call 305-289-6017 for an absentee ballot.
